

## Booking conditions for artists & artist managers/agents

as of July 2013

- No listing fee is charged the artist for listing their information and program offers; i.e. no costs evolve as long as no valid contract arrangements are made with an organizer
- If the booking of an artist succeeds (regardless of whether the organizer or the artist was the seeker), a commission will be charged from the artist or his manager/agent.
- The Commission depends on the amount of the artist's fee and includes the escrow service (see Leondra's escrow service for artists).
- For artists or for their managers/agents who are resident in Germany or have their headquarters in Germany, VAT is already included in the commissions displayed.
